B.N. Bandodkar College
Mumbai University

INTERESTS

Football | Movies | Music |
Technology

PROFILE

I am a software developer with 3 years of work experience.
I am able to effectively self-manage during independent projects,
As well as collaborate as part of a productive team.

EXPERIENCE

SOFTWARE DEVELOPER

June 2018 - Present

KANTAR

- Improved data accuracy, and reduced time consumption by automating data cleaning processes using **.Net** framework
- Increased data security by creating a data encryption system with **Rijndael (AES)** algorithm, to keep data safe on premise and in transit from infiltrators
- Simplified the process of selecting respondents (for conducting interviews) from large centralised respondents data source, by making web platform based on **MVC** to add conditions based on which respondents will be fetched
- Developed dashboard using **WPF** for creating tables and graphically represented data reports, which helped in easily analysing TV viewership trends and making faster decisions

PROJECTS

Project 1

A web-based music player
HTML | CSS | Javascript

Project 2

e-commerce portal
HTML | CSS | NodeJs | MongoDB
